Dear Nancy,

What an amazing effort the Mystic Rotary Club members made for the Pawcatuck Neighborhood Center on Saturday, October 23, 2010! Reddening trees and shortened days indicate winter is on the doorstep and that means bedtime for the garden. Your act of goodwill truly affects your neighbors. By putting the community garden to bed you have prepared it for a well deserved rest. The garden was home to 320 plants during the summer, and yielded numerous bushels of free fresh vegetables for our clients and seniors: beautiful eggplant, several varieties of tomatoes and peppers, zucchini, yellow squash and cucumbers.

Rotary members also took the initiative to clean the Pawcatuck Neighborhood Center fleet of vehicles; a sedan, van and bus. The interiors sparkle and we appreciate the energetic effort.

Please extend our heartfelt thanks to all the folks who participated in the Fall Sweat Equity Project!

Warm regards,

Vicki Anderson  
Executive Director
